CARTRIDGE INSTRUCTIONS

JAWBREAKER II

*A trip to the candy shop was never so exciting -
nor so dangerous!*

COLECO

GAME DESCRIPTION

A trip to the candy shop was never so exciting - nor so dangerous! While you are gobbling up treats, a swarm of happy faces is trying to catch you to pull those teeth. To avoid the grinning gobblers, move quickly from side to side and up and down through the continuously moving doors.

Your only defense is to eat an energizer and go after the happy faces. You only have a few seconds after eating the energizer, so hurry!! Once you clear the screen of treats, you will get your teeth brushed before beginning the next level.

GETTING READY TO PLAY

- Make sure the COLECOVISION™ console is connected to TV. Make sure power supply is plugged into console. Then plug power supply into a 110/120 volt AC outlet.
- TV should be on and tuned to same channel as the Channel Select switch on the console.
- To play Jawbreaker II™, use the controller in Port 1 (the rear jack).
- **ALWAYS MAKE SURE COLECOVISION™ UNIT IS OFF BEFORE INSERTING OR REMOVING A CARTRIDGE.** Turn **Off/On** switch to **On** after cartridge is inserted.

USING YOUR CONTROLLERS

On start screen, choose Hard or Easy level, then press side button to start game.

Move your teeth with the Control Stick
