*Jet vs the Luna-Ticks*

**COLECO**

# JET READY

---

## GAME DESCRIPTION

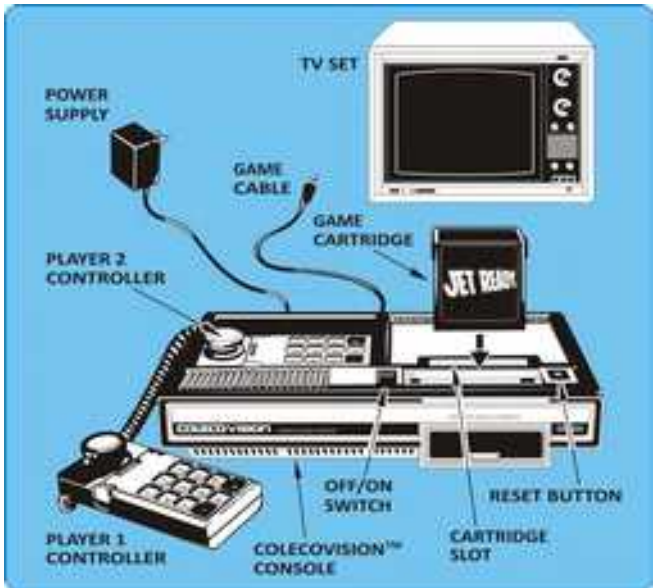

---

Dr. Egon J Kowalski Ph.D., a theoretical physicist got sucked into a quantum wormhole he accidentally created during one of his research experiments.

He recovers consciousness only to find himself stranded in a parallel universe inhabited by these bizarre alien creatures called the Luna-ticks, roaming a weird world of twisted euclidean geometry.

The Luna-ticks eventually captured him and lock him up. He manages to escape and so the game begins.

# GETTING READY TO PLAY

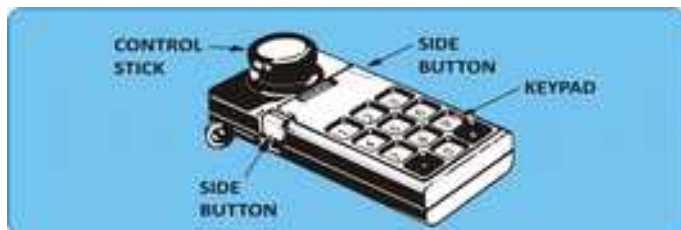

- Make sure the COLECOVISION™ console is connected to TV. Make sure power supply is plugged into console. Then plug power supply into a 110/120 volt AC outlet.
- TV should be on and tuned to same channel as the Channel Select switch on the console.
- To play Jet Ready™, use the controller in Port 1 (the rear jack).
- **ALWAYS MAKE SURE COLECOVISION™ UNIT IS OFF BEFORE INSERTING OR REMOVING A CARTRIDGE.** Turn Off/On switch to On after cartridge is inserted.

---

## USING YOUR CONTROLLERS

---

Push Control Stick in the direction you want the character to go.

Press any Side Button to jump.

---

## HOW TO PLAY

---

The actual objective of the game is to find a means of getting out of that world.

Reach the transporters that will take you to the next level. You can collect diamonds for extra points and a perfect score. Likewise, clearing the level before the time limit also awards you with extra points as well.

You think you have what it takes to complete the 8 levels and escape?

**NOTE:** The Reset Button on the console “clears” the computer. It can be used to start a new game at any time, and can also be used in the event of game malfunction.
