HOW TO PLAY

You can run left or right with the Control Stick. Press left Side Button while running to make a long jump. If you press left Side Button without moving, you'll perform a high jump in order to reach a higher conveyor belt.

If you land onto an enemy, he will be stunned for a while. When Alfy picks up a bag of sweets, he gets a special power. He turns red and he can stun the enemies by touching them. But

In the bonus stage, there is no enemy but you have to clear the screen before the end of the count-down.
